### Creative Technologist

Cross Solutions | 2016-present

Impactful Contributions

#### Project: iGaming Operations Coordinator

Spearheaded client requirements & prepared game materials for B2C operators across APAC, collaborating with stakeholders & internal departments. Contributed to the company's transition to an APAC-focused leader, helping streamline operations & enhance player engagement platforms.

#### Project: White label digital products

Designed and developed customizable digital products using a design system for various brands, sold as white-label templates for rebranding and resale.

#### Project: Startup Crypto trading platform

Contributed to a startup, Whaledoo, that raised approximately RM10m and gained experienced investors for the PRO version of the application.

#### Project: RM1 Ecommerce

Led the development of Scoopdepool, a revolutionary RM1 Lucky Draw eCommerce platform with cross-platform design, managing the process end-to-end from pitch to product launch.

### Head of productions

MediaCLIQ | 2011-2016

Started as digital designer & promoted to head of production focus on hands-on, consult, lead and manage frontend production. Involve in Pavilion KL, Airasia, and mainly F&B industry.

### Web designer

IBC Corp | 2010-2011

Designed branding assets for digital and print, and developed front-end solutions for in-house projects and client campaigns.
